

Checkout Variables

Variables can be downloaded as a set by clicking the **Checkout Variables** option from the menu.

A new research proposal can be created by clicking on the link at the end of the variable listing in the shopping basket or by clicking the **Research Proposal** function from the menu.

A basket description is then entered, with an example shown below.

Internal Access - Download Files

Enter basket description:

*

* indicates a mandatory field

Once the basket description has been entered, a unique project ID is assigned to the basket. A message is then sent to the DSG to prepare your data files, and you will be notified by email once it is available for download.

1 project record(s) updated.

Internal Access - Download Files

Basket e0i1zpavx9tp has been created. You will be notified by DSG when your request has been processed and your data file is available for download.
