

## ***Proposal Status***

Once an application has been submitted, reviewers are allocated by the Director, and once their reviews have been submitted, a decision is communicated to the applicant. While the applicant is kept fully informed through email during the reviewing process, applicants may also check the status of their proposal by clicking the **Proposal Status** function from the menu.

### Level 2 Access - Data Access Request Status

| Project ID                    | Project Title                                      | Status       | Last Updated          |
|-------------------------------|----------------------------------------------------|--------------|-----------------------|
